Figure 8: The visual on the left shows the spread of actual and budgeted revenue collection by organizations in the fiscal year 2023. The visual on the right shows recurrent revenue by economic classifications. Statutory Allocations from the Federation Account still make up a large share of the total revenue of the state indicating that more effort needs to be put into boosting the Internally Generated Revenue of the state. The State has digitalized revenue collection by suspending members of union from collecting revenue; approved revenue collection through Payment Gateways (Interswitch, Money Point and Remita). However, efforts are now being geared towards total integration of Payment Gateways to the State Integrated Financial Management Information System (Sage Pastel Software Nigerian Government Special Build) through Application Programming Interface, Open Banking and Mobile Application. This will facilitate e-Collection, tracking of payments and automated e-Receipting. The e-collection module of the SIFMIS will provide an easy and accessible Web Window for taxpayers to pay for government services through their Mobile Phones – Smart and Non-Smart Phone. Furthermore, the integration will support the state to meet the requirements of DLI 7: Simplified State and Local Business Tax Regimes of the World Bank Programme “State Action on Business Enabling Reform (SABER) 2023 - 2025.

FINANCIAL STATEMENTS

1.0 REPORT OF THE ACCOUNTANT GENERAL

The Report of the Accountant General together with the Financial Statements for the year ended 31st December, 2023 provide the record of the financial activities of Anambra State Government for the year and the position of its financing as at the end of the year. This Report reviews the financial efforts and outcomes of the State Government in its attempts to match the objectives of financial management with the goals of governance. This publication is expected to serve the following purposes:

- (a) a proper documentary evidence of transparency in the government financial administration.
- (b) a permanent record of published accounts as an instrument of accountability.
- (c) a useful, concise and easy to digest information for the use of external users and
- (d) a means of acquainting the public with the State Government financial operations and the challenges faced in discharging its financial responsibilities.

1.1 COMPLIANCE WITH NATIONAL AND INTERNATIONAL STANDARDS

Anambra State Government has continued to comply with International Public Sector Accounting Standards (IPSAS) in the production of its Multi-Year IPSAS Compliant Budget; Annual General Purpose Financial Statements (GPFS); and the International Monetary Fund (IMF) Government Finance Statistics (GFS) Classification of Functions of Government (COFOG) compliant Statistical Reports from the Integrated Planning, Budgeting, Statistical and Accounting Management Information System developed for the State by our Consultants - Mold Computers and Communications Ltd.

RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

These Financial Statements have been prepared by the Office of the Accountant General of Anambra State in accordance with the provisions of the Finance (Control and Management) Act 1958 as amended. The Financial Statements comply with Generally Accepted Accounting Practice (GAAP). Furthermore, the Financial Statements were prepared in line with International Public Sector Accounting Standards (IPSAS) – Cash Basis. To fulfil accounting and reporting responsibilities the State Accountant General is responsible for establishing and maintaining a system of internal controls designed to provide reasonable assurance that the transactions recorded are within statutory authority and properly record the use of all Public Financial Resources by the Government.

Efforts were made to ensure that these financial statements reflect the financial position of Government as at 31st December, 2023 and its operations for the year ended on that date.

The efforts of all officers of the Main Accounts Department, the Accounting Officers in the Treasury Headquarters, Ministries, Departments and Agencies (MDAs) are worthy of mention and recognition in the preparation of this report. We also appreciate the support of the Permanent Secretary, Ministry of Finance and the Honourable Commissioner of Finance.

6.0 USES OF COFOG AND ANALYSIS OF TOTAL GOVERNMENT EXPENDITURE BY FUNCTIONAL AND ECONOMIC CLASSIFICATIONS

- 6.01 Classification of Functions of Government (COFOG) permits trends in government Expenditure on particular function or policy to be examined over time. Conventional government accounts are not usually suitable for this purpose because they reflect the organizational structures of government. Not only might time series be distorted by organization changes, but at a specific time some organization may be responsible for more than one function, and responsibility for one function might be divided among several organizations. For example, if a government establishes a new department that brings together some of the functions previously administered by several departments or at several levels of government, it will not usually be possible to use conventional accounts (GPFS) to compare Expenditure on these purposes over time. For example, at the Federal Level, the Ministry of Works; Housing and Urban Development; and Ministry of Power were hitherto different ministries, which were at certain time merged into one Ministry of Power, Works, and Housing in the Federal Budget.
- 6.02 COFOG is also used for making international comparisons of the extent to which governments are involved in particular economic and social functions. Just as COFOG avoids the problems of organizational changes in a single government, so too does it avoid the problem of Organizational differences among countries. In one country, for example, all functions connected with water supply may be undertaken by a single government agency, while in another country they may be distributed among departments dealing with the environment, housing, or industrial development. In Nigeria, the Ministry of Water Resources and Rural Development and Ministry of Agriculture provide water services.
- 6.03 For particular kinds of analyses, COFOG provides key aggregates that could be used as indicators or measures of results. For example, in studies of social assistance, information on past expenditure on the social protection function could give an indication of changes in the support provided by government for the welfare of the population. Similarly, analysing the impact of economic growth on the environment may require information on the Expenditure on environmental protection.
- 6.04 Government services can benefit the community either individually or collectively. COFOG is used to distinguish between individual and collective goods and services provided simultaneously to all members of the community or to all members of a particular section of the community, such as all households living in a particular region. One major characteristic of collective service is that its provision to one individual does not reduce the amount available to others in the same community or section of the community. There is no rivalry in consuming these services. An individual consumption good or services is one that is acquired by a household and used to satisfy the needs or wants of members of that household. Individual goods and services are essentially private as distinct from “Public” goods and services. One characteristic of individual consumption is that the household must have agreed to accept the provision of the good or services and take whatever action is necessary to make it possible, for example, by attending a school or clinic.
- 6.05 Expenditure incurred by government in connection with individual services such as health and education are treated as collective services when they are concerned with the formulation and administration of government policy, the setting and enforcement of public standards, the regulation, licensing, or supervision of producers, etc. For example, the Expenditure incurred by Ministries of health or education at the state government level have been included in collective consumption as they are concerned with general matters of policy, standards, and regulations. The units of classification are, in principle, individual transactions. Each purchase of goods and services, wages payable, transfer, or other expenditure have been assigned a COFOG code according to the function that the transaction serves in the State Budget and Accounts, which is also consistent with the national guideline.
- 6.06** All of the Main Function Codes 701 to 706 is collective services, as are sub function section 7075 of health, sections 7083 to 7086 of recreation, culture and religion, section 7097 and 7098, sections 7108 and 7109 of social protection. These sections cover expenditure on general administration, regulation, research, that is not recorded as investment in nonfinancial assets, and so on. The remaining sections of health, recreation, culture and religion, education and social protection are considered to be individual services.

AUDIT CERTIFICATE

The Financial Statement of the Government of Anambra State of Nigeria for the year ended 31st December, 2023 have been audited in accordance with section 125 (2) of the Constitution of Federal Republic of Nigeria 1999. The Audit was conducted in accordance with International Standard on Auditing and INTOSAI Audit Standards.

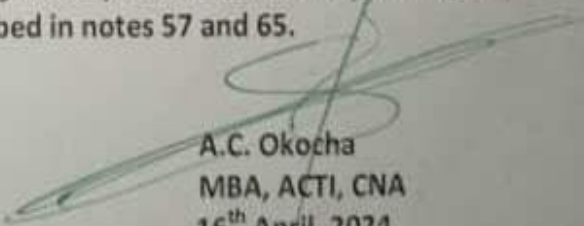

In the course of the Audit, I evaluated the overall adequacy of the information presented in the Financial Statements which were prepared in accordance with International Public Sector Accounting Standards (IPSAS) cash basis. I have obtained information and explanation(s) that to the best of my knowledge, was relevant and necessary for the purpose of audit. This audit has provided me with reasonable evidence and assurances which formed basis of my independent opinion.

In my opinion, the financial statements which were in agreement with the books of accounts and records show a true and fair view of the financial position of the Government of Anambra State for the year ended, December 31st 2023 and the transactions for the fiscal year ended on that date.

SPECIAL OPINION

The State is eligible to receive financing from the World Bank subject to performance against predefined criteria in the Program for Results (P4R) and State Fiscal Transparency, Accountability and Sustainability (SFTAS). The expenditure framework (and receipts) are detailed in notes 57 and 65 present fairly in all material respects, the expenditures incurred and funds received in line with the SFTAS and P4R programs by the State for the year ended, December 31st 2023 in accordance with IPSAS as described in notes 57 and 65.
