

EXECUTIVE ORDER

No. 20 OF 2024

FOR THE ESTABLISHMENT, ADOPTION, AND IMPLEMENTATION OF FRAMEWORK FOR RESPONSIBLE AND INCLUSIVE LAND-INTENSIVE AGRICULTURE (FRILIA)

BACKGROUND

- (1) Anambra State Government (ANSG), in a bid to improve the investment climate, intends to develop a Framework for Responsible and Inclusive Land-Intensive Agricultural Investments (the Framework). The Framework ensures that land acquisition and resettlement for large-scale agribusiness investments are undertaken in line with established international good practices and guarantee shared benefits between private investors and surrounding communities.
- (2) ANSG is desirous of deepening the State's agribusiness reforms including delivering a win-win approach to all the relevant stakeholders on agricultural land matters and investment opportunities.
- (3) The Framework will enhance access to large-scale investments, gainful employment on large-scale farms, sufficient income, and protection from the volatility of agricultural labour and product markets.
- (4) The Framework will ensure adherence to guiding principles covering overarching investment, recognition, and protection of land rights, state land acquisition and resettlement, and environmental and social responsibility.

To achieve the Government's objective of creating an enabling, responsible, and inclusive business operating environment for large-scale agribusiness investments in Anambra State, there is a need for the following:

1. ADOPTION OF FRILIA PRINCIPLES

Adherence to core principles and mainstream international best practices, such as those based on the Principles for Responsible Investment in Agriculture and Food Systems and related principles and guidance in agribusiness development in the State for sustainable economic growth and development. These include, but are not limited to:

- (a) that overarching investments will be consistent with and contribute to the policy objective of the government;

- (b) that the investment will be conducted transparently, avoid or minimize land acquisitions requiring voluntary or involuntary resettlement, minimize adverse effects from land acquisition, ensure a range of inclusive investment and production models are considered, subject the investment to consultation and participation with all potentially affected communities, ensure the affected communities have opportunity and responsibility to make informed decisions regarding land acquisition, foster gender equality and empowerment of women and youth and lastly, the investment will be monitored;
- (c) recognizing and protecting land rights (including customary, informal, and rights to common property resources) by safeguarding against the dispossession of legitimate tenure rights holders or partial treatment through: prompt payment of adequate compensation in cash, alternative land, or other forms of compensation, including supplementation livelihood restoration; and a robust and effective grievance redress mechanism that provides accessible and affordable procedures for third-party settlement of dispute while considering the availability of judicial recourse, community, and traditional dispute resolution mechanisms;
- (d) ensuring transparent and fair State land acquisition and any resulting resettlement by disclosing and applying consistently, compensation standards as described above. Require that economic and social impacts be identified and addressed with adequate compensation, supplemental livelihood improvement/restoration, public infrastructure, and community services, the option of a land replacement, as may be appropriate; and
- (e) ensuring environmental and social sustainability by observing safeguards against environmental damage. Prior to approval or any final decision to proceed, investments will be subjected to independent assessments of potential positive and negative impacts on tenure rights, food security, livelihood, environment, the rights and/or status of women and youth, and physical cultural property. Community, individual, and worker safety will be protected, as well as their fair, non-discriminatory, and equal treatment.

2. ESTABLISHMENT, POWERS, AND FUNCTIONS OF THE FRILIA STEERING COMMITTEE
